

## KAISER "FIRES" HIS CHIEF OF GENERAL STAFF

Gen. Erich Von Falkenhayn  
Dismissed and Succeeded  
by Field Marshal Von  
Hindenburg.

### BULLETIN.

BERLIN, via Copenhagen to London, Aug. 30, 3:24 a. m.—The emperor has dismissed Gen. Erich Von Falkenhayn, and appointed Field Marshal Von Hindenburg as chief of the general staff.

The recent appointment of Von Hindenburg to the supreme command of the German armies on the Russian front came when Roumania was considered on the verge of a decision, and German newspapers indicate that it had a political bearing. Germany was credited with the belief that the prestige of Von Hindenburg would favorably impress Roumania.

As chief of staff Von Hindenburg doubtless will withdraw from the east to Berlin.

Gen. Von Ludendorff has been credited with lending valuable aid to Von Hindenburg in his successes over the Russians.

Gen. Von Falkenhayn early in the war was placed in charge of Emperor William's headquarters in place of the late Lieut. Gen. Heluth Von Moltke, then chief of staff, who was ill, and later succeeded Von Moltke at the same time remaining minister of war. Later he resigned as minister of war and was succeeded by Gen. Adolf Wild von Hohenborn.

### ROUMANIAN KING OFF FOR FRONT TO COMMAND.

LONDON, Aug. 30.—King Ferdinand of Roumania has ordered a general mobilization of his forces and is reported to have gone to the front personally to take command of his army.

The Roumanians already are reported to be making furious efforts to capture passes in the eastern Carpathians leading into Hungary, and are declared to be fighting shoulder to shoulder with Russian troops coming from Bukovina.

While Berlin says that Roumania's attempts to pierce the passes have been futile, Vienna admits that owing to "far reaching encircling movement by strong Roumanian forces" Austrian advanced detachments have been forced to withdraw.

Greek Attitude Problematical.  
What Greece's attitude will be as a result of Roumania's joining the entente allies is still problematical, but unofficial advice to London expresses the belief that she soon will throw in her lot with the entente. A pro-entente demonstration in Athens passed a resolution saying that if the people were not heard in their demand that Greece join the entente "we must take counsel as to what is to be done to minimize the ruin which awaits us."

Occupation by the Bulgarians of Kavala is declared to have intensified the feeling of the Greeks, who are said to be willing to follow former Premier Venizelos in any action he may advise. Venizelos is strongly pro-entente.  
None of the belligerents claim any great battles. There is still considerable artillery activity in Plozres region. Along the front held by the French bad weather halted operations.

Russ Gain Slightly.  
On the eastern front from the Riga region to the Carpathians in Galicia the day passed without momentous happenings. In the Caucasus region near Lake Van the Russians have gained additional successes over the Turks.

The Serbians in the Macedonian theater are continuing their advance toward Vrenik and also have repulsed strong Bulgarian attacks northwest of Lake Osvo. Bombardments are proceeding in the Lake Doiran region and along the banks of the Vardar river.

The Austrians are still shelling the Italian positions in the lower Isanzo region, the upper Cordevole valley and in the valley of the But and Pelta rivers. In the Posina valley, Monte Cimone and near the Avisio the Austrians have been forced to give further ground, notable among the gains of the Italians being the capture of Monte Cauriol, at an altitude of 8,000 feet.

### BLEASE TO MAKE SECOND RACE FOR GOVERNORSHIP

Early Democratic Primary Returns  
Indicate South Carolinian's  
Nomination.

COLUMBIA, S. C., Aug. 30.—With about one-third of the vote reported unofficially in the state-wide democratic primary today, indications tonight were that former Gov. Cole L. Blease will make a second race for the gubernatorial nomination against Richard I. Manning, the incumbent, or Robert A. Cooper.

Blease had a long lead over his opponents, but apparently lacked the majority necessary for nomination. Mr. Cooper and Gov. Manning were running about even.

Workers among London juveniles are greatly exercised over the big wages earned by boys in munition works and elsewhere. Hitherto a London working boy was satisfied if he made a few shillings a week; now, we are told, he thinks nothing of earning 30 to 25 shillings.

## THEATERS

### AT THE COLONIAL.

Today's feature picture at the Colonial is entitled, "The Welsh Singer," and presents Florence Turner, a photoplay actress of considerable dramatic ability in the title role. Lillian Walker, the dimpled screen favorite now playing for the Vitagraph company, will be featured at the Colonial Thursday in "The Man Behind the Curtain." It is a distinctly melodramatic type of photoplay, well staged and well acted.

### AT THE LASALLE.

A second showing in this city of the interesting melodrama, "Love's Crucible," inspired by Jules Eckert Goodman's play of the same title, will be given at the Lasalle today. The leading character, and around whom the main plot centers, is an innocent country girl who is sent to the city to take up art work. Frances Nelson, the very beautiful and talented emotional actress handles this part in a capable manner and Douglas MacLean is exceptionally manly in the opposite leading role. The entire story is filled with appealing qualities and sympathetic moments that add interest.

A light and wholesome romance is enacted in "The Summer Girl," to be shown at the Lasalle tomorrow with Arthur Ashley and Mollie King in the principal roles.

## By Midnight

# Tuesday, August 15th

Up to midnight August 15, a period of 7½ months, we sold and delivered more United States Automobile Tires than we sold during the entire twelve months of 1915—last year.

By August 16, we had passed, by several thousand casings, the sales total for 1915,—itself a year of steady sales increases.

And day by day these phenomenal 1916 increases are heaping up.

Besides—there were still left of this year 115 selling days—4½ months.

This almost unbelievable feat of equalling, in 7½ months, the sales record of last year, proves the unequalled merit and actual economy of
